

46South

46SOUTHNZ LTD was named after the latitude of founder Allan Goodman's hometown. Founded by Allan alongside brothers Rangi and Jack, the company was established after being approached by a close friend and business partner from India to distribute their family-owned coffee brand.

46South specialises in premium coffee and spice products sourced directly from two family-owned plantations. Our product portfolio includes high-quality AAA Arabica Green Bean Coffee and AA Robusta Coffee, along with a carefully selected range of spices including Black Pepper, Cardamom, Vanilla, and Saffron.

We are also preparing to launch our exclusive coffee blends — Fishermans Blend and Hunters Blend — crafted to deliver bold flavour and exceptional quality. Release dates will be announced soon.

At 46South, we are committed to building trusted relationships and delivering authentic, plantation-sourced products from family growers to customers across New Zealand and beyond.

NEW ZEALAND

• A Treasure of Seafood •
and Fishing Heritage

Surrounded by the crystal-clear waters of the Pacific Ocean, New Zealand is world-renowned for its **rich seafood industry** and strong fishing heritage. With thousands of kilometers of coastline and **clean, unpolluted oceans**, New Zealand provides one of the best environments for harvesting **premium-quality seafood**.

CLEAN OCEANS
Pure, unpolluted
waters

PREMIUM QUALITY
Fresh, healthy &
nutritious seafood

SUSTAINABLE FUTURE
Protecting marine life
for generations

NEW ZEALAND

FISHING – A WAY OF LIFE

Fishing has always played an important role in the lives of New Zealand's coastal communities and fishermen. Generations of **skilled fishermen** venture into the deep seas using both traditional knowledge and modern **sustainable fishing practices** to supply fresh and healthy seafood to markets around the world.

Deep seas. Strong hands. Generations of dedication.

AMAZING VARIETY OF FISH

New Zealand is especially famous for its wide variety of fish species, valued for their **freshness**, **rich taste**, **high nutritional value**, and **premium quality**.

SNAPPER

HOKI

KING SALMON

BLUE COD

TUNA

GROPER

TARAKIHI

GURNARD

The cold ocean currents surrounding the country help maintain ideal marine conditions, producing seafood with **exceptional flavor and texture**.

SUSTAINABILITY FOR OUR FUTURE

The seafood industry in New Zealand focuses strongly on **sustainability** and **ocean conservation**. Strict fishing regulations and environmentally responsible practices help protect marine life while ensuring long-term availability of fish resources for future generations.

SUSTAINABLE
TODAY FOR A
BETTER TOMORROW

FROM OUR OCEANS TO THE WORLD

From small fishing villages to large export industries, New Zealand's seafood sector reflects the nation's **deep connection with the ocean**. The dedication of its fishermen, the purity of its waters, and the incredible diversity of marine life have made New Zealand one of the **most respected seafood-producing countries** in the world.

Pure Waters. Rich Heritage. Exceptional Seafood.

— New Zealand – Naturally the Best. —

CHIKAMAGALURU

The Land of India's Finest Coffee

Nestled in the lush Western Ghats of Chikamagaluru, coffee cultivation has been a proud tradition for centuries. Known as the **birthplace of coffee in India**, this beautiful hill region offers the perfect climate, rich soil, misty mountains, and abundant rainfall needed to grow premium-quality coffee beans.

A rustic wooden signpost with a weathered appearance. At the top, it features a small white icon of a coffee leaf. Below the icon, the text "BIRTHPLACE OF COFFEE IN INDIA" is written in white, bold, sans-serif capital letters. The sign is mounted on a wooden post and is surrounded by coffee plants and beans.

BIRTHPLACE
OF COFFEE
IN INDIA

CHIKAMAGALURU

—  GROWN HIGH, TASTES SIGNATURE  —

Coffee plantations in Chikamagaluru are grown at high altitudes ranging from **3,000 to 5,000 feet above sea level**. The cool temperatures and slow ripening process at these elevations allow the beans to develop deeper aroma, richer flavor, and balanced acidity. This unique environment gives Chikamagaluru coffee its **smooth taste, strong body, and exceptional quality** that coffee lovers admire across the world.

 CULTIVATED WITH CARE, ROOTED IN NATURE 

The region mainly produces premium **Arabica** and **Robusta** beans, carefully cultivated under natural shade trees that protect the plants and preserve biodiversity. Farmers follow traditional methods combined with modern quality practices to ensure purity and consistency in every harvest.

ARABICA

ROBUSTA

 THE PRIDE OF INDIA. THE BEST IN EVERY CUP. 

Because of its superior growing conditions, dedication of local farmers, and internationally appreciated flavor profile, Chikamagaluru has earned the reputation of producing some of the **best coffee in India**.

Every cup of coffee from these hills reflects the richness of nature, heritage, and craftsmanship that make Chikamagaluru truly special.
